Dear Sergio Ibrain Hernandez Soto,  
Greetings from GENPACT GE Asset Governance Team.

This has reference to our earlier mail on the subject, dated 16-Oct-2021, informing you that the subject GE SSO/resource supporting your business process has moved out.

We would request you, to initiate de-provisioning of all process specific access privileges provided to resource GE SSO, ex. GE Applications, websites or any other GE Data Source. In case, your business also provisioned access for this resource, on any legacy applications, with Login-ID(s) other than GE SSO ID, please initiate de-provisioning of the same as well. If you have provisioned any smart phone/ Black Berry, would request you to deactivate e-mail configuration related to this GE SSO ID.

GE SSO ID	Resource Name
503122872	Marquis Lewis

In our recent review of the GE SSO IDs, the subject GE SSO ID was NOT found in "INACTIVE" status. As SPONSOR of the subject GE SSO ID, we would reiterate our request to you, to initiate the de-provisioning process of the above GE SSO ID and its associated access privileges, as mentioned above.

Per our records, the below mentioned GE assets are currently assigned to the resource and in case, the same is still under the "Asset Action Open" category, the Genpact supervisor marked on this communication will work with you, to ensure that the asset(s) are returned to GE.

GE Issued Asset Name	Status of the asset	Asset Details

In case, you need any clarification or additional information, please contact persons copied in the e-mail and we would be happy to assist you.

Thanks and with regards,
